

## Hong Kong Education Bibliographic Database 香港教育文獻數據庫

For almost a decade, the Hong Kong Education Bibliographic Database (<https://bibliography.lib.eduhk.hk>) developed by EdUHK Library has been providing students, staff and the general public comprehensive information on research literature related to education in Hong Kong. To better meet the current needs of scholars and researchers, the Library has totally revamped the database and migrated it to a new site which supports desktop and mobile platforms with enhanced functionality.

The new database retains the tree-structured subject classification established to allow viewers to easily locate items of interest. “Recently added publications” are now displayed on the database homepage so that viewers can always browse the latest entries. The new database also offers more diversified searching and filtering functions such as “authors” and “journals” which can improve the accuracy of search results. Other new features include social media sharing, multiple export options and instant display of abstracts and previews, all of which will make searching and handling results much more user-friendly.

Please feel free to contact the Library’s Information Counter at 2948 6653 should you need assistance in using the new Hong Kong Education Bibliographic Database.

由圖書館建立的《香港教育文獻數據庫》(<https://bibliography.lib.eduhk.hk/tc>)，為教大師生及公眾人士提供香港教育研究文獻索引已近十年。為了更好配合學者及研究人員的需要，圖書館全面更新了本數據庫，支援各種桌面和移動平台，並且加強了各種功能。

新的《香港教育文獻數據庫》保留了原有的教育研究主題分類表，方便讀者瀏覽各項研究成果。數據庫首頁亦顯示了「最近建檔紀錄」，方便讀者瀏覽最新收錄的條目。新的版面更提供多元化的搜尋和篩選功能，例如「作者」、「期刊」等，讓讀者能獲得更精確的搜尋結果。其它新功能包括社交媒體分享、多種匯出選項、顯示摘要及預覽、最佳的篩選顯示等，令讀者在搜尋和處理條目時倍感方便。
