The Hong Kong Education Bibliographic Database is an annotated bibliography which indexes any research publication related to education and related topics in Hong Kong.

1. Basic Search

1a. Enter a word or phrase into the search field

1b. Click Search

2. Advanced Search

2a. Enter keyword(s) or search term(s)

2b. Select specific fields to search on

2c. Select logical operator AND, OR, AND NOT to link the keywords
3. Browsing

Browsing allows you find articles by searching an index, or by exploring a hierarchical subject directory. Indexed topics include education category, author, title, journal and keywords. Enter a term, then click **Find Term**

4. View Search Results

Use **Narrow Results By** to narrow down your search by entering additional search term(s) or select from the filter options to narrow down the search.

Click on the title to view the full display of the record.
5. Read a Full Text Article through EdLINK

5a. Click “EdLINK” button to open an EdLINK Menu and check availability of full text.

5b. This example indicates full text article is available from Professional Development Collection, click “GO” button to view.

6. Mark Records / Export Records

6a. Click here to mark the records.

6b. To view the marked records, click 🗑.

6c. Select Save, Print, Email or Export to RefWorks to output the marked records.
