

HOW TO ... check out library books with mobile phones

- You can now use your mobile device to check out library books. It is an efficient and private way to borrow books anywhere inside the Library.
- “EdU Library” mobile app** (<https://edulib.me/app>) must be installed on your mobile device.

The process is shown in four sequential screenshots:

- Home Screen:** The user is on the EdUHK Library app home screen. The 'MyLibrary' icon in the bottom navigation bar is circled in red. A callout bubble says "Login to 'MyLibrary'".
- MyLibrary Menu:** The user has navigated to the MyLibrary menu. The 'Mobile Borrowing' icon is circled in red. A callout bubble says "Select 'Mobile Borrowing'".
- My Borrowing Bag:** The user is in the 'My Borrowing Bag' screen. The 'Scan Item' button is circled in red. A callout bubble says "Select 'Scan Item'".
- Scan Barcode:** The user is on the 'Scan Barcode' screen. A callout bubble says "Or you can select Enter Barcode if scanning does not work". The 'Enter Barcode' button at the bottom is highlighted with a green arrow.

Attention

The following items cannot be borrowed with mobile phones, please check them out at Circulation Counter of MMW Library or at counter of TKOSC Library:

- Books with multiple parts
- Books with accompanying materials
- Books with loan period shorter than 7 days
- Kits
- Media

Samples of Barcodes

- Please scan the **EdUHK LIBRARY barcodes** affixed on the books, not the barcodes already printed on the back covers of the books
- There are two formats of EdUHK LIBRARY barcodes; one is in rectangle shape, and the other one is in square shape. All EdUHK LIBRARY barcodes should start with 31995...
